Still Maintaining Quality Standards

IN THIS new edition of our Bulb Catalogue, a great collection of Spring-flowering Bulbs is presented to the gardeners of Rochester and vicinity. More than two-score varieties are shown in natural colors, and all varieties are described carefully and accurately.

The bulbs here offered are grown for us by the most reliable bulb-growers in Holland. These men tell us that our standards of quality are not surpassed by any American importers, and that we receive the "cream of the crop"—the largest, firmest, finest bulbs that they grow. You may plant such bulbs with full confidence that your garden will be provided with an abundance of flowers and fragrance next spring.

Successful gardeners know these facts. The owner of a small home-garden who uses only a few bulbs as a border to a garden path, and the professional gardener who is responsible for the beauty of a great estate, insure their continued success by using Hart & Vick Quality Bulbs.

For several years we have furnished the Tulips, Hyacinths, and Narcissi used in Rochester's parks and in many private estates. Orders for several thousands of one color have been filled—and without a stray color in the lot. Similar orders have been shipped to home-owners and to municipalities,

to the entire satisfaction of the purchasers.

Your order for any quantity of these Quality Bulbs may be sent to us by mail, by telephone, or we shall be happy to have you call at our store, where, in addition to bulbs, you will find seeds, plants, and plant-foods that will help to make your garden a success in 1935.

Bulbs for House-Blooming Are Easily Grown in Water

You can easily have a window-garden without pots of soil and the task of daily watering. Certain varieties of Narcissi will bloom freely in a dish of water, with some pebbles to hold the bulbs in place.

Paper-White Narcissi in full bloom are sold in the flower stores, but you can have a bowlful in your own window at a very small cost. We offer giant bulbs at **75 cts. per dozen, or 3 for 20 cts.** You ought to have at least half a dozen.

Chinese Sacred Lily. This has clusters of pure white flowers with yellow centers. Extra-large bulbs are only **95 cts. per dozen, or 3 for 25 cts.**

Golden Sun Narcissus is bright yellow and orange. Half a dozen large bulbs will nicely fill a 6-inch bowl and cost only **95 cts., or you may have 3 bulbs for 50 cts.**

HART & VICK, Seedmen
ROCHESTER, NEW YORK

Paper-White Narcissus

Hart & Vick's Supreme Hyacinths

HYACINTH bells ring in the advent of spring. The colors, the fragrance, and the tall spikes make these flowers of prime importance in the garden border or for mass planting in large beds. Likewise, they may easily be grown in pots for indoor blooming.

We sell 6 bulbs at the dozen rate; 25 bulbs at the 100 rate

EXHIBITION-SIZE HYACINTHS

These are selected bulbs coming directly to us from Holland bulb-growers. They are sure to produce large spikes whether in the open ground or indoors.

25 cts. each; \$2.50 per dozen; \$18 per 100

City of Haarlem. Pure yellow. Large spikes. One of the very best yellows.

Duke of Westminster. Bells deep purplish blue, with a white center. One of the newer varieties.

Gertrude. Rosy pink. Large bells on a compact truss.

Grand Maitre. Deep lavender-blue. Extra-large truss.

King of the Blues. Dark blue bells. Late blooming.

L'Innocence. Pure white. Equally good for the garden and for growing indoors.

La Victoire. Deep carmine-rose. Most effective when used in groups of a dozen or more.

Lady Derby. Bright rose-pink. Very large and extra good for potting.

Queen of the Blues. Pale sky-blue bells carried on long, compact spikes. Fragrant.

Queen of the Pinks. A long spike literally covered with rosy pink bells.

LARGE-SIZE HYACINTHS

These bulbs are especially adapted for growing in pots or in glasses for indoor blooming. They may also be used in beds or borders where showy flowers are wanted for general display. The varieties are the same as those listed under the Exhibition-size Bulbs, but we are able to offer them at a little lower price.

18 cts. each; \$1.80 per dozen; \$13 per 100

HYACINTHS FOR BEDDING

These special-size bulbs are furnished in separate colors or mixed. They are practically the same as the large-size bulbs, but are imported for outdoor bedding purposes rather than for growing in pots indoors. We offer them in six separate colors.

Dark Blue	Pink	White
Light Blue	Red	Yellow
All Colors Mixed		

10 cts. each; \$1 per dozen; \$7.50 per 100

TWO SPLENDID NEW HYACINTHS

VANITY. An exquisitely beautiful, very early-flowering Hyacinth, with a large, elegant spike filled with perfectly formed and very sweetly scented bells of clear rose.

ATTRACTION. A wide and immense spike of soft shell-pink bells. The most beautiful of all pink Hyacinths. Flowers in midseason.

Giant-size bulbs, 50 cts. each; \$5 per dozen

Only a short time ago these two Hyacinths were listed in Europe at \$5 a bulb.

A Good Lawn Comes from Seeds Sown in the Fall

Expert gardeners advise making the lawn in September and October, when days are cool and fall rains supply moisture.

HIGHLAND PARK GRASS SEED is used on the finest places in western New York. One pound will sow 300 square feet, or renew 500 square feet of old lawn. 1/2 lb. 25 cts.; lb. 50 cts.; 3 lbs. \$1.35; 5 lbs. \$2.15; 10 lbs. \$4; 25 lbs. \$8.75. Delivery charges paid by us.

Afterglow

The Bishop

Farncombe Sanders

HART & VICK'S SUPERB DARWIN TULIPS

THE flowers of this class open in late May, and are carried on long, straight stems. Planted in clumps of a dozen or more, their brilliancy will light up the garden at a time when color is at a premium. The bulbs may remain in the ground for several seasons and will spring into growth and bloom when the sun warms the soil. Darwins are now the most popular of all Tulips.

Six bulbs at the dozen rate; 25 bulbs at the 100 rate; 250 bulbs at the 1000 rate

Afterglow. Rose and orange, flushed with salmon-pink. Resembles in many ways the Breeder Tulips. Height, 28 inches.	Per 1000 \$50 00	Per 100 \$5 35	For 12 \$0 70
American Beauty. Cherry-rose, margined with soft rose. Extremely brilliant bloom. Height, 24 inches.	48 00	5 00	70
Baronne de la Tonnaye. Rose-color, shading to almost white at the edges. Splendid for massing. Height, 30 inches.	48 00	5 00	70
Bartigon. Fiery crimson; a pure white base is broadly ringed with deep blue. Height, 28 inches.	48 00	5 00	70
Bleu Aimable. Outside of petals heliotrope-lilac; inside violet. Late bloomer. Height, about 30 inches.		5 50	75
City of Haarlem. Warm red petals with steel-blue base shading to white. One of the largest red Darwins. Height, 30 inches.		5 75	80
Clara Butt. Pure pink—a color that harmonizes with most of the darker varieties. Exceptionally good for growing in borders. Height, 28 inches.	48 00	5 00	70
Farncombe Sanders. Rosy red, shading to scarlet; white at base of petals. Among the most serviceable of the Darwin Tulips. Height, 24 inches.	48 00	5 00	70
King Harold. Ox-blood or purplish red with white base. A giant flower especially effective in large clumps.	48 00	5 00	70

HART & VICK'S DOUBLE TULIPS, MIXED
All the above varieties and others in a select Mixture.
\$42.50 per 1000; \$4.50 per 100; 65 cts. per dozen

Parrot Tulip,
Fantasy

PARROT TULIPS

BY ALL MEANS you should have some of these distinctly unusual Tulips. They are especially suitable for cutting, lasting several days under normal house conditions. All of the Parrot Tulips are most effective when grown in front of evergreens, or low-growing shrubs that will be in foliage in the spring.

Fantasy. Distinguished above all other varieties because of the straight, strong stems. The flower itself differs somewhat from other Parrots, having deeply cut petals. Its color is brilliant salmon-rose, marked with much lighter tones. Height, 22 inches. \$1.55 per dozen; \$12 per 100.

Mixed Varieties of Parrot Tulips. 75 cts. per dozen; \$5.50 per 100.

Cardinal Manning

Dom Pedro

Lucifer

HART & VICK'S BREEDER TULIPS

A DISTINCT and pleasing surprise awaits you if you have never grown Breeder Tulips in your garden. They are remarkable both in size and in variety of colors. The long stiff stems, frequently 40 inches in height, carry flowers of bronze and violet, rich orange, yellow, mahogany, deep purple, and combinations of these colors. The flowers open a little later than the Darwins, thus continuing the Tulip season.

We sell 6 bulbs at the dozen rate; 25 bulbs at the 100 rate

Apricot. Bronzy buff, shaded with apricot tones; chrome-yellow base; chestnut-red on the inside petals. Height, 25 inches.....	Per 100 \$6 25	For 12 \$0 85
Bacchus. Dark violet-blue on the outside of the petals and much lighter inside. A magnificent variety, and the nearest of all to a true blue. Height, 28 inches. See front cover..	6 25	85
Bronze Queen. Combination of purplish fawn and buff-yellow, with a light lemon-yellow base. Height, 28 inches.....	5 50	75
Cardinal Manning. Bishop's purple, flushed with rosy bronze, which changes to almost pure orange at the edge, giving a wine-red tone. Height, 34 inches.....	5 50	75
Dom Pedro. Dark coffee-brown petals, marked with cadmium-yellow on the outside and a distinct reddish mahogany on the inside. Cup-shaped flower filled with perfume. Height, 27 inches.....	6 25	85
Fairy (Panorama). Rich chestnut-red or orange and mahogany. Height, 26 inches.....	6 00	80
Golden Bronze. Light brownish yellow, flushed with heliotrope; interior mahogany-brown. Height, 24 inches.....	6 25	85
Louis XIV. A royal variety. Globe-shaped, and a magnificent dark bluish violet, flushed with bronze and edged with gold. Height, 32 inches.....	6 00	80
Lucifer. Outside of petals dark orange tinged with rose; interior scarlet-orange with circular base of yellow. Height, 30 inches.....	7 25	95
Medea. Salmon-carmine-pink. One of the largest of the Breeder Tulips. Height, 28 inches.	6 00	80
Prince of Orange. Terra-cotta, edged with orange-yellow and streaked with olive at the base. Height, 26 inches.....	6 25	85
St. James. Dark lavender, edged with bronze; yellow and green base. A superb variety for mass display. Height, 30 inches.....	6 00	80
Velvet King. Royal purple with well-defined white base; center marked with yellow. A showy cup-shaped bloom. Height, 31 inches.....	6 25	85
Vulcan. Reddish apricot, with a margin of buff-yellow and interior of dark apricot edged yellow. Height, 24 inches.....	7 25	95
Yellow Perfection. A distinctly beautiful bronze-yellow with golden yellow edge and yellow base marked with green. Height, 26 inches.....	6 00	80

EXHIBITION MIXTURE OF BREEDER TULIPS

This Mixture is prepared in our own warehouse and includes most of these named varieties, thus giving a wide range of color. **You may be sure** that the bulbs in this Mixture are of the same **high quality** that you secure from the named sorts.

Grenadier

John Ruskin

Orange King

HART & VICK'S COTTAGE TULIPS

THESE beautiful Tulips have now become very popular. Their habit is graceful, the blooms being carried on long, stout stems, and their colors are exceedingly brilliant. They flower at a time when hyacinths, daffodils, and Early Tulips are over, and before the summer bedding plants are in bloom. Best planted in borders or between shrubs, not in beds, for they are not through flowering when the bedding plants require setting in. Try a clump of the yellow May-flowering Tulips beside one of the lavender or purple Darwins or Breeders.

Ambrosia. Inside of flower salmon-orange, marked with yellow and green at the base; out-side of petal lilac-rose. The bloom carries a delightful perfume. Height, 25 inches.....	Per 100 \$6 75	For 12 \$0 90
Arethusa. Soft lemon-yellow; exceedingly large. One of the best new varieties.....	6 75	90
Argo. A popular variety in the Bronx Botanical Gardens. The color varies from pure yellow, to yellow with red edges and red markings. A most desirable novelty. Height, 26 inches..	5 75	80
Carrara. As white as the snow of midwinter; petals fold over, forming a cup, like a snow-ball, opening only on sunny days. Height, 26 inches.....	7 75	1 00
Dido. Coral-pink marked with light orange on outside of petals; the inside is marked with green and yellow. Flowers extra large. Height, 28 inches.....	6 75	90
Fairy Queen. Soft rosy lilac, carrying also tones of light heliotrope. One of the finest Cottage Tulips. Height, 20 inches.....	5 00	70
Grenadier. Dazzling orange-red, with yellow markings at base of petals. Will make a high spot in the color-scheme. Height, 21 inches.....	5 50	75
Inglescombe Pink (Salmon Queen). Salmon-pink. Height, 24 inches.....	5 00	70
Inglescombe Yellow. Canary-yellow, occasionally with crimson lines on the edge. Height, 21 inches.....	5 00	70
John Ruskin. Apricot-orange, shaded rose and lilac, and margined with lilac. Long, oval flowers. Height, 16 inches.....	5 50	75

Inglescombe Pink

Yellow Picotee

Rosabella

COTTAGE TULIPS, continued

	Per 100	For 12
Lemon Queen. Soft lemon-yellow, long-pointed blooms edged with cream. Height, 28 in.	\$7 25	\$0 95
Miss Ellen Willmott. Yellow. Petals reflexed. Fragrant. Height, 18 inches.....	5 50	75
Moonlight. A lovely pale yellow—one of the best of the light yellows. Height, 25 inches...	5 50	75
Mrs. Moon. Flowers large, vase shaped, pure yellow, and extremely attractive	5 50	75
Orange King. Rose, flushed with orange and scarlet—a color combination emphasized by the black anthers. Sweet scented. Height, 22 inches.....	5 00	70
Picotee (Maiden's Blush). Pure white with margin of rose. Beautiful recurved petals.....	5 00	75
Rosabella. Salmon-rose. One of the new varieties that was awarded a First Class Certificate. Height, 21 inches.....	6 00	80
Shandon Bells. Creamy yellow, flushed with pink or blush. Height, 18 inches.....	5 00	75
Vesta. Pure white, with black filaments. Long stems. An excellent early variety that has received awards of merit from foreign societies.....	7 75	1 00
Yellow Picotee. Creamy yellow, margined with pink; as the flowers open the pink margin widens until it flushes the entire bloom. Height, 20 inches.....	5 50	75

HART & VICK'S MIXTURE OF SUPERB COTTAGE TULIPS

All the colors known in the Cottage Tulip group are in this Mixture. Big, solid, blooming bulbs that will give a riot of color. Six at the dozen rate; 25 at the 100 rate; 250 at the 1000 rate.

\$42.50 per 1000; \$4.50 per 100; 65 cts. per dozen

REMBRANDT TULIPS

Similar in form to Darwin Tulips, usually in delicate shades with flames or stripes of a darker color forming lovely and striking contrasts. Mixed colors, 80 cts. per dozen; \$6 per 100.

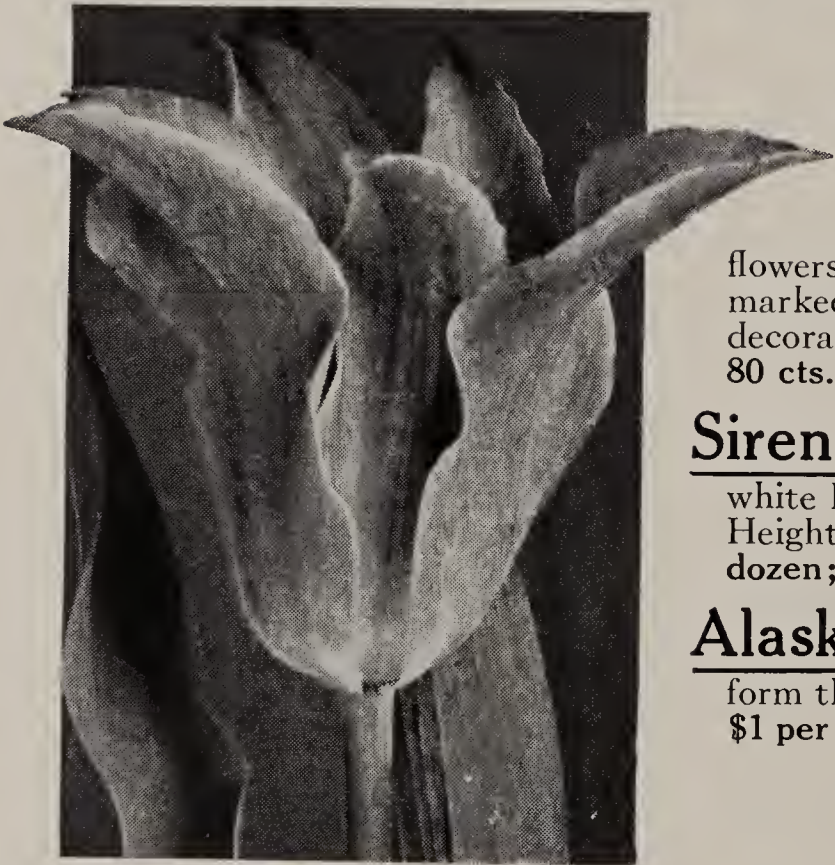

THREE TULIP NOVELTIES

Monsieur Mottet. The new bunch-flowered or multiflowered Tulip. Often has five flowers on a single stem. The color at first is snowy white; after a day or two it is flushed with a lovely soft pink. On some

flowers the outer edge may be marked with red or maroon. A decorative and charming variety. 80 cts. per dozen; \$6 per 100.

Sirene. Lily-flowered Tulip. Cherry-rose with pure white base. Splendid for cutting. Height, 32 inches. 80 cts. per dozen; \$5.75 per 100.

Alaska. A pure yellow Lily-flowering Tulip. In form the bloom is unusually long. \$1 per dozen; \$7.50 per 100.

Sirene Tulip

TRIUMPH TULIPS
IN SELECT MIXTURE

A new race of Tulips lately introduced, blooming about ten days earlier than the Darwins. Their wealth of color is almost indescribable. The bulbs in Hart & Vick's Mixture of Triumph Tulips are imported directly from our growers in Holland. 75 cts. per dozen; \$5.50 per 100.

BIZARRE TULIPS

In this class the ground-color is yellow and the petals are marked with varicolored stripes. Effective in masses. Mixed colors, 85 cts. per dozen; \$6.25 per 100.

BYBLOEM TULIPS

An old and familiar class of Tulips, yet always popular. The ground-color is white, carrying stripes of various tints. Mixed colors, 80 cts. per dozen; \$6 per 100.

Rembrandt
Tulips

HART & VICK'S HARDY LILIES

All of these Lilies should be planted in the fall. However, some varieties come from Japan, and should the shipment be delayed, we will store the bulbs for you and deliver them in early spring.

	Per 100	For 12	Each
Auratum (Gold-banded Lily of Japan). Blooming in July and August, we consider this one of the finest of all Lilies. Its fragrant flowers are borne in great clusters. The color is delicate ivory-white, spotted with crimson and striped through the center of the petals with golden yellow. Plant 8 inches deep.....	\$25 00	\$3 50	\$0 35
Candidum (Madonna or St. Joseph's Lily). The familiar snow-white Lily blooming in June. Flower-stems are from 3 to 4 feet high. The bulb is perfectly hardy and thrives in almost any soil. Should be planted about 2 inches deep. Our bulbs are giants from northern France.....	18 00	2 50	25
Elegans (<i>L. atrosanguineum</i>). Adapted to rock-gardens because of its low growth. Flowers dark red with crimson center. Plant 6 inches deep.....	20 00	3 00	30
Henryi (Yellow Speciosum). Often 10 feet high. Flowers in loose spray, are of medium size, rich salmon-yellow, with deep green marking at the base of the inner petals. Last a long time after cutting. Plant 6 inches deep.....	35 00	4 50	45
Pardalinum (Leopard Lily). Bright orange, spotted with dark crimson, similar to <i>L. tigrinum</i> . Plant 5 inches deep.....	25 00	3 50	35
Speciosum album . White, with a shading of green through the middle of each petal. Plant 8 inches deep.....	35 00	4 50	45
Speciosum magnificum . White, shaded with carmine and spotted with crimson. Adapted to garden and house culture. Plant 10 inches deep.....	30 00	4 00	40
Superbum (American Turk's-Cap Lily). A handsome native variety. Brilliant crimson flowers, spotted with yellow and brown. Blooms in midsummer and is very showy. Plant 5 inches deep.....	18 00	2 50	25
Tenuifolium . Deep scarlet. Petals recurved. Thrives vigorously in rock-gardens and cool, moist soil. Blooms in June. Plant 6 inches deep.....	18 00	2 50	25
Tigrinum splendens . The familiar Tiger Lily of the roadside. Flowers red-orange, with chocolate-maroon anthers. Plant 8 inches deep.....	15 00	2 00	20
Tigrinum splendens flore-pleno . Same as above but double flowers.....	18 00	2 50	25
Umbellatum, Sappho . In June it bears clusters of light orange flowers. Grows 2 feet high and should be planted 8 inches deep.....	18 00	2 50	25

BERMUDA OR EASTER LILIES

LILIUM HARRISI. Of the *L. longiflorum* type, this variety produces long, tubular, pure white flowers in

clusters of eight to ten on a stem. Readily forced for blooming at Eastertime. Giant bulbs, 40 cts. each; \$4 per dozen; \$30 per 100.

LILIUM FORMOSUM.

Pure white, trumpet-shaped flowers not quite so large as the Bermuda Lily but equally beautiful. Blooms at Eastertime. Giant bulbs, 40 cts. each; \$4 per dozen; \$30 per 100.

LILIUM GIGANTEUM.

Pure white flowers that may readily be brought to perfection for late winter and Easter blooms. Giant bulbs, 40 cts. each; \$4 per dozen; \$30 per 100.

Lilium auratum

Lilium elegans

A BEAUTIFUL BED OF ANNUAL LARKSPUR

Take a package of Annual Larkspur, one of Annual Gypsophila, and 2 quarts of finely pulverized garden soil, then thoroughly mix these three items, and just before the ground freezes sow in a prepared spot in the garden; you will have one of the most beautiful flower-beds you have ever seen.

Annual Gypsophila. Feathery panicles of tiny star-shaped flowers. Blooms quickly from seed. Pkt. 10 cts.; oz. 25 cts.; ¼lb. 85 cts.

Annual Larkspur. Scarlet, White, Shell-Pink, Lilac, Rose, and Dark Blue Mixed. Pkt. 10 cts.; ¼oz. 25 cts.; ½oz. 40 cts.

FOUR NEW LARKSPURS

La France. Salmon-pink.

Exquisite. Soft pink.

Imperial Blue Spire. Oxford-blue.

Imperial White Spire. Pure white.

Each, pkt. 15 cts.; 2 pkts. 25 cts.; 1 pkt. each for 50 cts.

Roman Hyacinths

Snowdrops. (See page 14)

Blue Grape Hyacinths

AMARYLLIS

Mead's Famous Strain. Blooms exceed in size and form the older types. Coloring brilliant and in many shades. Rated as the finest of the later introductions. Giant bulbs, 50 cts. each; 3 for \$1.35; \$5 per dozen.

ANEMONE

Monarch de Caen. This species of Anemone has many fine shades of scarlet, blue, and white in both solid colors and variegated. The flowers are larger than the older varieties of Anemone. 75 cts. per dozen; \$50 per 100.

ROMAN HYACINTHS

These Hyacinths are most effective when used in pots, shallow pans, or bowls. They are also useful in masses in beds and borders where they should be set no more than 4 inches apart. The flowers droop gracefully on rather long stems.

White. 12 cts. each; \$1.10 per dozen; \$8.50 per 100.

Blue. 15 cts. each; \$1.25 per dozen; \$9.50 per 100.

Pink. 15 cts. each; \$1.20 per dozen; \$9 per 100.

SPRING SNOWFLAKE

Leucojum vernal. Flowers pure white tipped with green, coming early in the season. Foliage light green, almost white, and bordered with dark green. 70 cts. per dozen; \$5 per 100.

GRAPE HYACINTHS (Muscari)

In days gone by these were commonly called Baby's Breath. The blooms resemble those of the Hyacinth, but the bunches remind one of grapes. Splendid for naturalizing and increase rapidly.

Botryoides alba (White Grape Hyacinth). 60 cts. per dozen; \$3.50 per 100; \$37.50 per 1000.

Botryoides caeruleum. The well-known blue Grape Hyacinth, especially adapted to rock-gardens. Flowers are bright blue, borne early in spring. 45 cts. per dozen; \$2.75 per 100; \$25 per 1000.

Heavenly Blue. The very finest of the family. Flowers light blue, fragrant, and showy. 50 cts. per dozen; \$3 per 100; \$27.50 per 1000.

SCILLAS

Early spring-flowering bulbs that do well in almost any place. They cost so little that they may be enjoyed in every garden. The Campanulata varieties thrive under pine trees.

Sibirica, Blue. Flowers bright blue, forming a blue carpet when grown in quantities. 50 cts. per dozen; \$3.25 per 100; \$30 per 1000.

Campanulata, Blue Queen. Bell-shaped flowers and possibly the best for naturalizing. 55 cts. per dozen; \$3.50 per 100.

Campanulata, Rose Queen. Rose-pink, blooming later than Sibirica. 60 cts. per dozen; \$4 per 100.

Campanulata alba maxima. Large white flowers. 55 cts. per dozen; \$3.50 per 100.

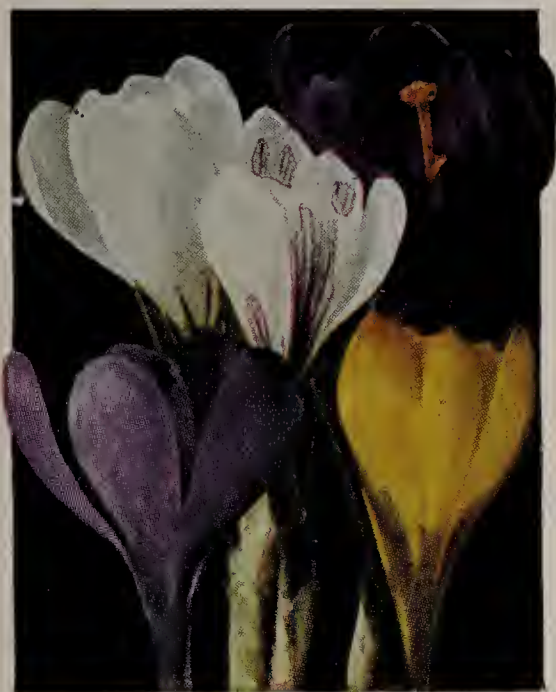

Chionodoxa luciliae. (See page 14)

Scilla campanulata. Blue

Scilla sibirica. Blue

Crocuses

Charming Bulbs for Rock-Gardens

Crocus zonatus, *Fritillaria meleagris*, *Chionodoxa*, *Leucojum*, *Muscari*, *Scilla*, *Gallanthus*, *Eranthis*, and *Tulips* listed below.

HART & VICK'S CROCUS

Golden yellow Crocus peeping through the lawn remind us that spring is right at hand. These flowers give the best effect when the bulbs are scattered carelessly over the lawn and then slipped under the sod where they fall. This gives a natural effect and is the most desirable way for using Crocus, although they are effective when used to border walks or grown in masses under shrubs and evergreens.

Named varieties, 50 cts. per dozen; \$3 per 100; \$27.50 per 1000

Golden Yellow. Extra-large golden yellow blooms. Literally a carpet of gold.

King of the Blues. Extremely large light blue flowers.

Queen of the Blues. Giant porcelain-blue flowers in abundance.

Mont Blanc. Extra-fine pure white. Blooms unusually large.

Sir Walter Scott. White, striped with pale lilac.

Giant-flowering, Mixed Colors. 35 cts. per dozen; \$2.50 per 100; \$22.50 per 1000.

Fall-Flowering Crocus "Zonatus"

A species of Crocus that blooms in autumn. It is a novelty for the rock-garden or for borders. It may also be bloomed indoors, like Paper-White Narcissus, by setting in bowls of water and pebbles. The flower is rosy lilac, with yellow center and a zone of orange. 50 cts. per dozen; \$3 per 100.

TULIPS FOR ROCK-GARDENS

These four varieties can be used to distinct advantage in modern rock-gardens. They are low growers, free bloomers, and perfectly hardy.

Clusiana. The "candy-stick" Tulip, so called because of the markings of cherry-rose and white, and the long form of the flower. Should be planted freely for best effect. Height, 10 inches. 95 cts. per dozen; \$7 per 100.

Eichleri. Fiery scarlet with glistening black center. Height, 11 inches. \$1 per dozen; \$7.75 per 100.

Kaufmanniana. Creamy white with carmine tint on outside; center yellow. Very early bloomer. Height, 6 inches. \$1 per dozen; \$7.50 per 100.

Marjoletti. Pale yellow with scarlet outer petals. Height, 10 inches. \$1.10 per dozen; \$8 per 100.

Please remember that we furnish 6 Bulbs at the dozen rate, and 25 Bulbs at the hundred rate.

FREESIAS

Easily grown indoors and bloom readily during the winter months. Potted bulbs should be kept in a cold, dark place until the roots are formed, then brought to a sunny window. Flowers fragrant.

Improved Purity. The white flowers are very much larger and the spray is longer than the old Purity. 65 cts. per dozen; \$4.50 per 100; \$40 per 1000.

Golden Daffodil. Unquestionably the best golden yellow Freesia. Long, strong stems. 65 cts. per dozen; \$4.50 per 100; \$40 per 1000.

Mrs. Marc Peters. Deep rosy salmon. 75 cts. per dozen; \$5.50 per 100; \$50 per 1000.

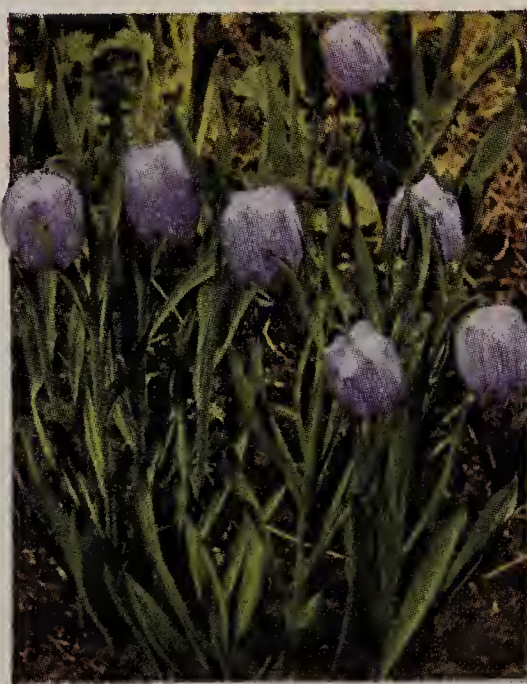

Olivette. Bright carmine with yellow throat. 75 cts. per dozen; \$5.50 per 100; \$50 per 1000.

Robert Craig. Large violet flowers; very fragrant. 75 cts. per dozen; \$5.50 per 100; \$50 per 1000.

RAINBOW MIXTURE. A selection from the best varieties of colored Freesias. 70 cts. per dozen; \$5 per 100; \$45 per 1000.

Tulipa kaufmanniana

Fritillaria meleagris. (See page 14)

New Freesias

Sundew Tulip

SUNDEW TULIP

An exceedingly handsome novelty is this new fringed Darwin Tulip. The color is intense scarlet-crimson on the inner surface of the petals, showing a most charming deep blue eye when expanded. The edges of the petals are beautifully frilled and fringed, giving the whole flower a most remarkable appearance. For best results they should be planted in a position which gets a little afternoon shade, in order to protect the delicate fringes from being damaged by too much sunshine. A few bulbs of this splendid novelty provide a most beautiful picture and an incident of the greatest interest.

80 cts. per dozen; \$6 per 100

CALLA LILIES

Readily grown in a sunny window, needing no care; water abundantly. Pot in rich soil.

Æthiopica (Lily-of-the-Nile). The familiar white Calla. Extra-large blooming roots, 35 cts. each; \$3.50 per dozen; \$25 per 100.

Elliottiana. The Yellow Calla, with large, deep golden yellow blooms from 4 to 5 inches across. Foliage spotted with white. Extra-large blooming roots, 35 cts. each; \$3.50 per dozen; \$25 per 100.

LILY-OF-THE-VALLEY

Forcing pips ready November 1. 25 pips for \$1.25; \$4.50 per 100; \$40 per 1000.

FRITILLARIA

Imperialis (Crown upon Crown). Bell-shaped flowers of rich carmine-red. The blooms come in April on strong 3-foot stems. These should be in every old-fashioned garden and hardy border. 50 cts. each; 3 for \$1.45; \$5.50 per dozen.

Meleagris (Guinea-Hen Flower). Flowers with white ground, striped and mottled with brown, purple, and yellow. 55 cts. per dozen; \$3.75 per 100.

GLORY-OF-THE-SNOW

Chionodoxa luciliæ. An early-flowering bulb that should be grown in large masses for best effect. The brilliant sky-blue flowers, with a white center, are extremely effective with snowdrops. They may be planted freely on the lawn or used among shrubbery. 40 cts. per dozen; \$2.50 per 100; \$22.50 per 1000.

SNOWDROPS

Galanthus elwesii. Its lovely white flowers are out before the frost is gone. Splendid for naturalizing. 55 cts. per dozen; \$3.50 per 100; \$32.50 per 1000.

Galanthus nivalis fl.-pl. Double flowers of pure white. 65 cts. per dozen; \$4.50 per 100; \$42.50 per 1000.

WINTER ACONITE

Eranthis hyemalis. May be grown in shady spots under trees and increases rapidly, making a delightful ground-cover in early spring. The flowers are buttercup-yellow with a frilled collar of green on stems about 3 inches long. Set the bulbs about 2 inches deep. 40 cts. per dozen; 25 for 75 cts.; \$2.75 per 100; \$25 per 1000.

PLANTING TABLE FOR PLANTS AND BULBS

PLANTING. The table below shows the number of plants or bulbs required to fill a circular bed of the dimensions given. In planting, begin at outside row—where 6 inches apart, 3 inches from edge of bed; where 12 inches apart, 6 inches from edge of bed. It is customary among professionals in planting a bed to set the plants or bulbs somewhat closer together in the two outer rows, giving more space between each plant or bulb toward the center of the bed.

A square bed will take about the same number of plants. For an oval bed, add length and breadth and divide by 2. For example, an oval 9 feet long by 7 feet wide will require the same number of plants as a circular bed 8 feet in diameter.

Diameter of bed	6 in. apart	12 in. apart	18 in. apart	Diameter of bed	6 in. apart	12 in. apart	18 in. apart
3 feet	28	7		12 feet	452	113	50
4 feet	48	12	6	13 feet	528	132	59
5 feet	80	20	8	14 feet	612	153	68
6 feet	112	28	13	15 feet	704	176	78
7 feet	152	38	17	16 feet	804	201	89
8 feet	200	50	23	17 feet	904	226	100
9 feet	256	64	28	18 feet	1016	254	113
10 feet	320	80	36	19 feet	1132	283	126
11 feet	380	95	42	20 feet	1256	314	139

HART & VICK'S NARCISSI OR DAFFODILS

SINCE the importation of Daffodil bulbs ceased on account of the embargo, American industry has proved that Daffodil bulbs can be grown as well in America as in Holland or in France. We are no longer dependent on Europe for a supply of **first-quality bulbs**. Our supply this year is as **fine as can be grown**—large, double-nose bulbs, producing flowers of exhibition size.

HART & VICK'S MIXED NARCISSI. Extra-large-flowering, selected varieties. A special Mixture adapted for massing in the garden, for borders, or for planting among evergreens and shrubs.
65 cts. per dozen; \$4.50 per 100. Six at dozen rate; 25 at 100 rate

PAPER-WHITE NARCISSI

Great bunches of pure white flowers are quickly produced in the house. Simply set the bulbs in a bowl of pebbles and water, or in bulb fibre. By starting bowls every two to three weeks, from October until March, you can have blooms all winter. **Giant-size bulbs** (15 to 16 centimeters), 3 for 20 cts.; 75 cts. per dozen; \$5 per 100.

CHINESE SACRED LILY

Similar to Paper-White Narcissus in habit of growth, and will bloom freely in a bowl of water and pebbles. The flowers are pure white with a bright yellow center. **Extra-large bulbs**, 10 cts. each; 3 for 25 cts.; 95 cts. per dozen; \$7 per 100.

"GOLDEN SUN" NARCISSUS

Narcissus Soleil d'Or has great clusters of flowers, showing clear yellow perianth and bright orange cup. It can be grown in water as easily as Paper-White, and a half-dozen bulbs will fill a 6-inch bowl. **Extra-large bulbs** (15 to 16 centimeters), 17 cts. each; 3 for 50 cts.; \$1.90 per dozen; \$15 per 100.

JONQUIL

These old garden flowers are prized everywhere. A clump will increase from year to year and be a source of endless satisfaction. **Campernelle giganteus.** Pure yellow; very fragrant. The very finest of all varieties. 10 cts. each; 95 cts. per dozen; \$7 per 100.

We invite your attention to the illustrations of Narcissus presented on the next page. The various classes—Trumpet, Leedsi, Poeticus—are shown in their brilliant, natural colors.
